

Dr. Richard L. Robles
Doctor of Chiropractic

Before Receiving Consultation or Treatment In Our Office
Please Review These Principles Outlined Below:

1. Dr. Robles' goal is to provide you with adjunctive and supportive care for your health condition. We do not claim to treat or cure any disease or medical diagnosis.
2. Our office offers some services that are not covered by insurance. These services are considered experimental and may not be billed to your insurance. Dr. Robles will review all services that are considered covered services and those that are not. Nutritional support may be offered for your case. Nutritional supplements are not FDA regulated and have not been proven to cure or treat any disease or illness.
3. Our services are not a replacement for your medical treatment. We choose to work alongside your medical provider as this serves you in the most effective manner possible.
4. Dr. Robles will never give advice on the use of your medications. Medications must be managed by your medical doctor. You must work with a medical doctor for the management of any medications you take now or in the future.
5. I completely understand that there are no guarantees of help, correction, relief, or cure, written, spoken or implied. I understand that this clinic does NOT treat any disease or any medical diagnosis.
6. I am making a sane and conscious decision to seek advice as per the above understood terms for either myself and/or my dependents. In doing so, I agree to the above terms and acknowledge this with my signature below.
